

# ST MARK'S COLLEGE BOARD OPPORTUNITIES

St Mark's College was founded in 1925 as the first university residential College in Adelaide. Comprising a vibrant and diverse community whose life comes from its members, the College today combines the best of tradition with a modern and progressive outlook and is home to an active community of over 200 students.

The College seeks to appoint three experienced and suitably qualified board members to its highly professional and voluntary Board.

The role of the Board is to set the strategic direction and monitor the performance of the College. Applications are encouraged from both within and outside the College community from experienced board members with a range of professional backgrounds. Core skills and attributes include strategic thinking, leadership, risk oversight and financial literacy. The Board is also seeking experience in at least one of the following areas: wellbeing of young people, brand and marketing, and stakeholder engagement. Experience within the education sector is also desirable but is not essential. Most important is a genuine affinity with the importance of and value provided by the College in nurturing students to reach their potential.

Successful candidates will possess a sound knowledge of contemporary governance frameworks, with AICD qualifications being highly regarded.

This position offers an exciting opportunity to make a significant and valuable contribution to this iconic College.
