

St Mark's College
ADELAIDE

DEAN

DIRECTOR OF LEARNING

As part of a major and innovative expansion of student support, St Mark's College seeks to appoint a Dean and a Director of Learning to serve from January 2022 or soon after. St Mark's is a residential academic community offering collegiate education for students of the universities in Adelaide.

The Dean is responsible for fostering a vibrant and engaged student body with a strong culture of inclusion and respect, nurturing student leadership skills, and overseeing student discipline.

The Director of Learning leads and administers the College's academic program, actively encouraging academic excellence and supporting career preparation for all students.

The opportunities arise from the appointment of the current Dean, Mr Stuart Meldrum, as the inaugural Director of Wellbeing, and the current Director of Learning, Dr Rachel Buxton, to a new mentoring and advisory role as part of a significant increase in wellbeing and mentoring support for students.

Further information is available at <https://stmarkscollege.com.au/employment-opportunities/>.

Applications close on 18 October 2021.
